

CLASSIC BEACH UMBRELLA WITH VALANCE

140 cm

* For the base see accessories page

Assisted and safety umbrella closing system mod. *Diamante*.

Allows closing the beach umbrella simply by lowering without having to adjust springs or press buttons. Collar and crown in special technopolymer elastomerised and stabilised.

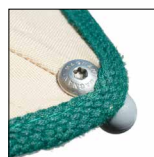

10 ribs diameter 5 in hot-dip galvanised steel with layer of high quality epoxy powder paint made from harmonic steel wire. A thin brass sheet joins the short rib to the long rib. Joints are protected by an oval piece of *Sky fabric*.

Upper pole has female coupling and *Baionetta* locking system.

Stainless steel knob.

Fabric fixed using a screw system making it more long-lasting.

Diameter (cm.)	Ribs (cm/n°)	Weight (Kg.)	Box
Ø 180	90 / 10	4,30	5 pz. / 28 x 28 x 150 cm. m³ 0,12 Kg. 22,50
Ø 200	100 / 10	4,70	5 pz. / 28 x 28 x 150 cm. m³ 0,12 Kg. 24,10
Ø 220	110 / 10	5,10	5 pz. / 28 x 28 x 150 cm. m³ 0,13 Kg. 25,70
Ø 240	120 / 10	5,50	5 pz. / 28 x 28 x 170 cm. m³ 0,13 Kg. 27,30
Ø 260	130 / 10	5,90	5 pz. / 28 x 28 x 170 cm. m³ 0,13 Kg. 28,90

World exclusivity of **TEMPOTEST PARÀ** mare fabrics, 100% MADE IN ITALY, made especially in h. 115 to allow the use of the selvedge on the edges, helping to increase its life. 100% acrylic, mass dyed, colour fast with 6-year guarantee, exceptionally long-lasting also thanks to its weight of 290 gr/sqm.
