

MATISSE

PAGODA BEACH UMBRELLA WITH STRAIGHT RIBS AND VENT

* For the base see accessories page

Assisted beach umbrella closing system mod. *Prestige*.

The umbrella closes by pressing a spring, the ergonomic handle prevents injury to fingers. Collar and Crown in special technopolymer elastomerised and stabilised.

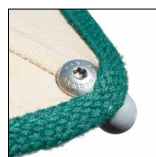

10 ribs diameter 5 in hot-dip galvanised steel with layer of high quality epoxy powder paint made from harmonic steel wire. A thin brass sheet joins the short rib to the long rib. Joints are protected by an oval piece of *Sky fabric*.

Upper pole has female coupling and *Baionetta* locking system.

A special spring extension gives the umbrella the characteristic shape.

Fabric fixed using a screw system making it more long-lasting.

Diameter (cm.)	Ribs (cm/n°)	Weight (Kg.)	Box
Ø 200	100 / 10	5,00	3 pz. / 28 x 28 x 150 cm. m ³ 0,12 Kg. 16,00
Ø 220	110 / 10	5,30	2 pz. / 28 x 28 x 170 cm. m ³ 0,13 Kg. 16,90
Ø 240	120 / 10	5,70	2 pz. / 28 x 28 x 170 cm. m ³ 0,13 Kg. 18,10
